Sylvia, Mary, Paul, Hal, Gary, Dick-

Copying the judge's response, through his clerk, to my request that he do something about DJ perjury in my Ray suit costs too much on the IBM machine and the Thermofax copies, alas, are unclear. What it boild down to is that if I want to do anything, I must do it in the form of a motion. He cannot do anything on the basis of a letter. I can file this myself. I will, when I learn the proper form.

This is <u>not</u> assurance that the judge <u>will</u> do something.

But it is that he will at the very least go through the motions of considering it.

We'll see.

Sincerely,

Harold Weisberg
